Dear Mr. Hanafi,

First of all, my greetings to you.

I am the father of your pupil Oliver Lim Jian Rong of P2-1. I am writing to you regards to the outstanding ~~commitment and dedication of Ms Rachel Chua Yen Ling~~. My wife and I are both so glad that our child is under her care and guidance in the last 2 years. We are so impressed by her dedication and commitment towards her work and her pupils' well-being. We have never come across any teacher who show such high level of commitment towards the pupils and their work.

Just to mention some incidents. I have attached pictures of the letters that she wrote to the pupils and to us. These letters may be a simple gesture to the pupils and their parents, but to me it shows how much dedications she has towards them. Especially it is personalise to each and every pupils and their parents. This is simply amazing.

In many occasions, she even send personal messages and pictures of our child's work to us to let us know of our child's progress in school. She has also go all out to send her well wishes during major holidays like the Chinese New Year. (The least expected person I should received from). She has always put on a smile whenever she's with the class and in school. I remember whenever I drive the kids to school, if she's on duty at the driveway, she will always greet me with a beautiful smile on her face. Her passion being a teacher can be seen in the way she handle the class and the pupils. She don't seems to get tired at all as a teacher despite the fact that she has to handle so many pupils in school.

If any teacher who deserve any commendation or a pad on the back, I have to say she well deserve it! I believed with such dedications and commitment in her work, she will definitely go very far in the education profession. Besides that, all those pupils who are under her care will also benefit from her passion and her love. She has touched so many hearts for whatever she has done.

I will also be writing this commendation to the ministry so that she can be a role model for all other teachers to follow.

With that, I would like to extend my well wishes to all the dedicated staffs in Punggol Primary School. Wishing all of you good health and happiness always!

Yours truly,
